INSTANT ASSET WRITE-OFF

Take advantage of the boost to the instant asset write-off today!

In great news for small business across the country, the Government has announced an additional boost to the Instant Asset Write Off, increasing the threshold even more, to \$30,000 - for assets "first used or installed, ready to use" between April 3rd, 2019 and June 30, 2020.

The instant asset write-off allows small and medium businesses (with an annual turnover of less than \$50 million – previously \$10 million) to claim immediate deductions (up to a limited amount) for a range of assets including office furniture & business equipment.

If your business meets the criteria, you are entitled to an immediate tax deduction for any individual assets purchased under \$30,000 for as many individual items as they wish.

Further information can be found on the Australian Taxation Office website.

Take advantage of the Instant Asset Write-off before June 30 this year with a range of office equipment from Blue Ink Group including Business Machines, Printers and our extensive range of Office Furniture. Please ask your Account Manager for the full catalogue.
